

Global Forwarding

BREAKBULK MADE SIMPLE

From Planning to Delivery, Complexity Handled with Expertise

About Us

ISS Global Forwarding is a leading provider of logistics services, trusted by international organizations across industries for its sector expertise and sharp focus on customer service. Our presence in over 60 countries means an unmatched mix of global perspective and regional knowhow that adds that decisive logistical edge to your business.

Whether you need to move massive hydroelectric turbines or large aircraft components, we have the expertise to handle your mission-critical project logistics. We specialize in managing project cargo with top-tier planning, execution, and delivery, to and from any location worldwide, no matter how remote or challenging.

Ownership Portfolio

is the sole owner of Integrated Service Solutions Global Forwarding.
